III. Ancillary Service Charges

Ancillary Service Charges are charged based on contract, not based on facility. Applicable charges were allocated down to a facility level using the proportionate revenue per facility within a contract for the full year 2016.

Ancillary Service Charges related to prepaid calls (transaction fees) are assessed on end-users by CenturyLink prepaid billing partners. Because they are not collected or received by CPCI, these fees are not reported in CPCI's submission.
